# Domaine Rigaud

**Domaine Rigaud is a family business that has been passed down from generation to generation, with vineyards as its traditional crop.**

**Today, the estate extends over 60 hectares of organic field crops: wheat, sunflower, alfalfa; 10 hectares of vineyards and 3 hectares of olive trees certified HVE (high environmental value).**

**15 years ago, we decided to diversify our production by growing olive trees. Olive growing is not traditional on the Cordes plateau, even though there are traces of it from the last century.**

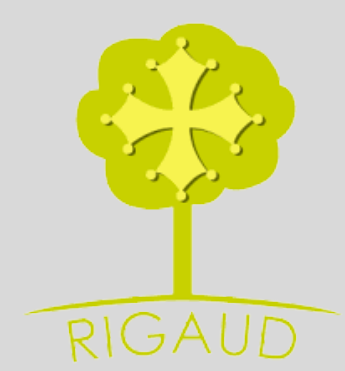

## **Visit of the Olive oil estate**

- We offer our customers a guided tour of the estate : olive trees, truffle trees, vineyards (on reservation) for groups from 3 to 20 people with Pierre, followed by a tasting of our products
- A free self-guided tour is also available with a booklet and a guided tour

# Our store

Our domain has a store where we sell our products (olive oil, olivades...) as well as other products of local craftsmen (pâtés, sunflower oil, cookies, coffee...)

# The mill

We also have a mill that allows amateur or professional customers to press their olives to have their own olive oil

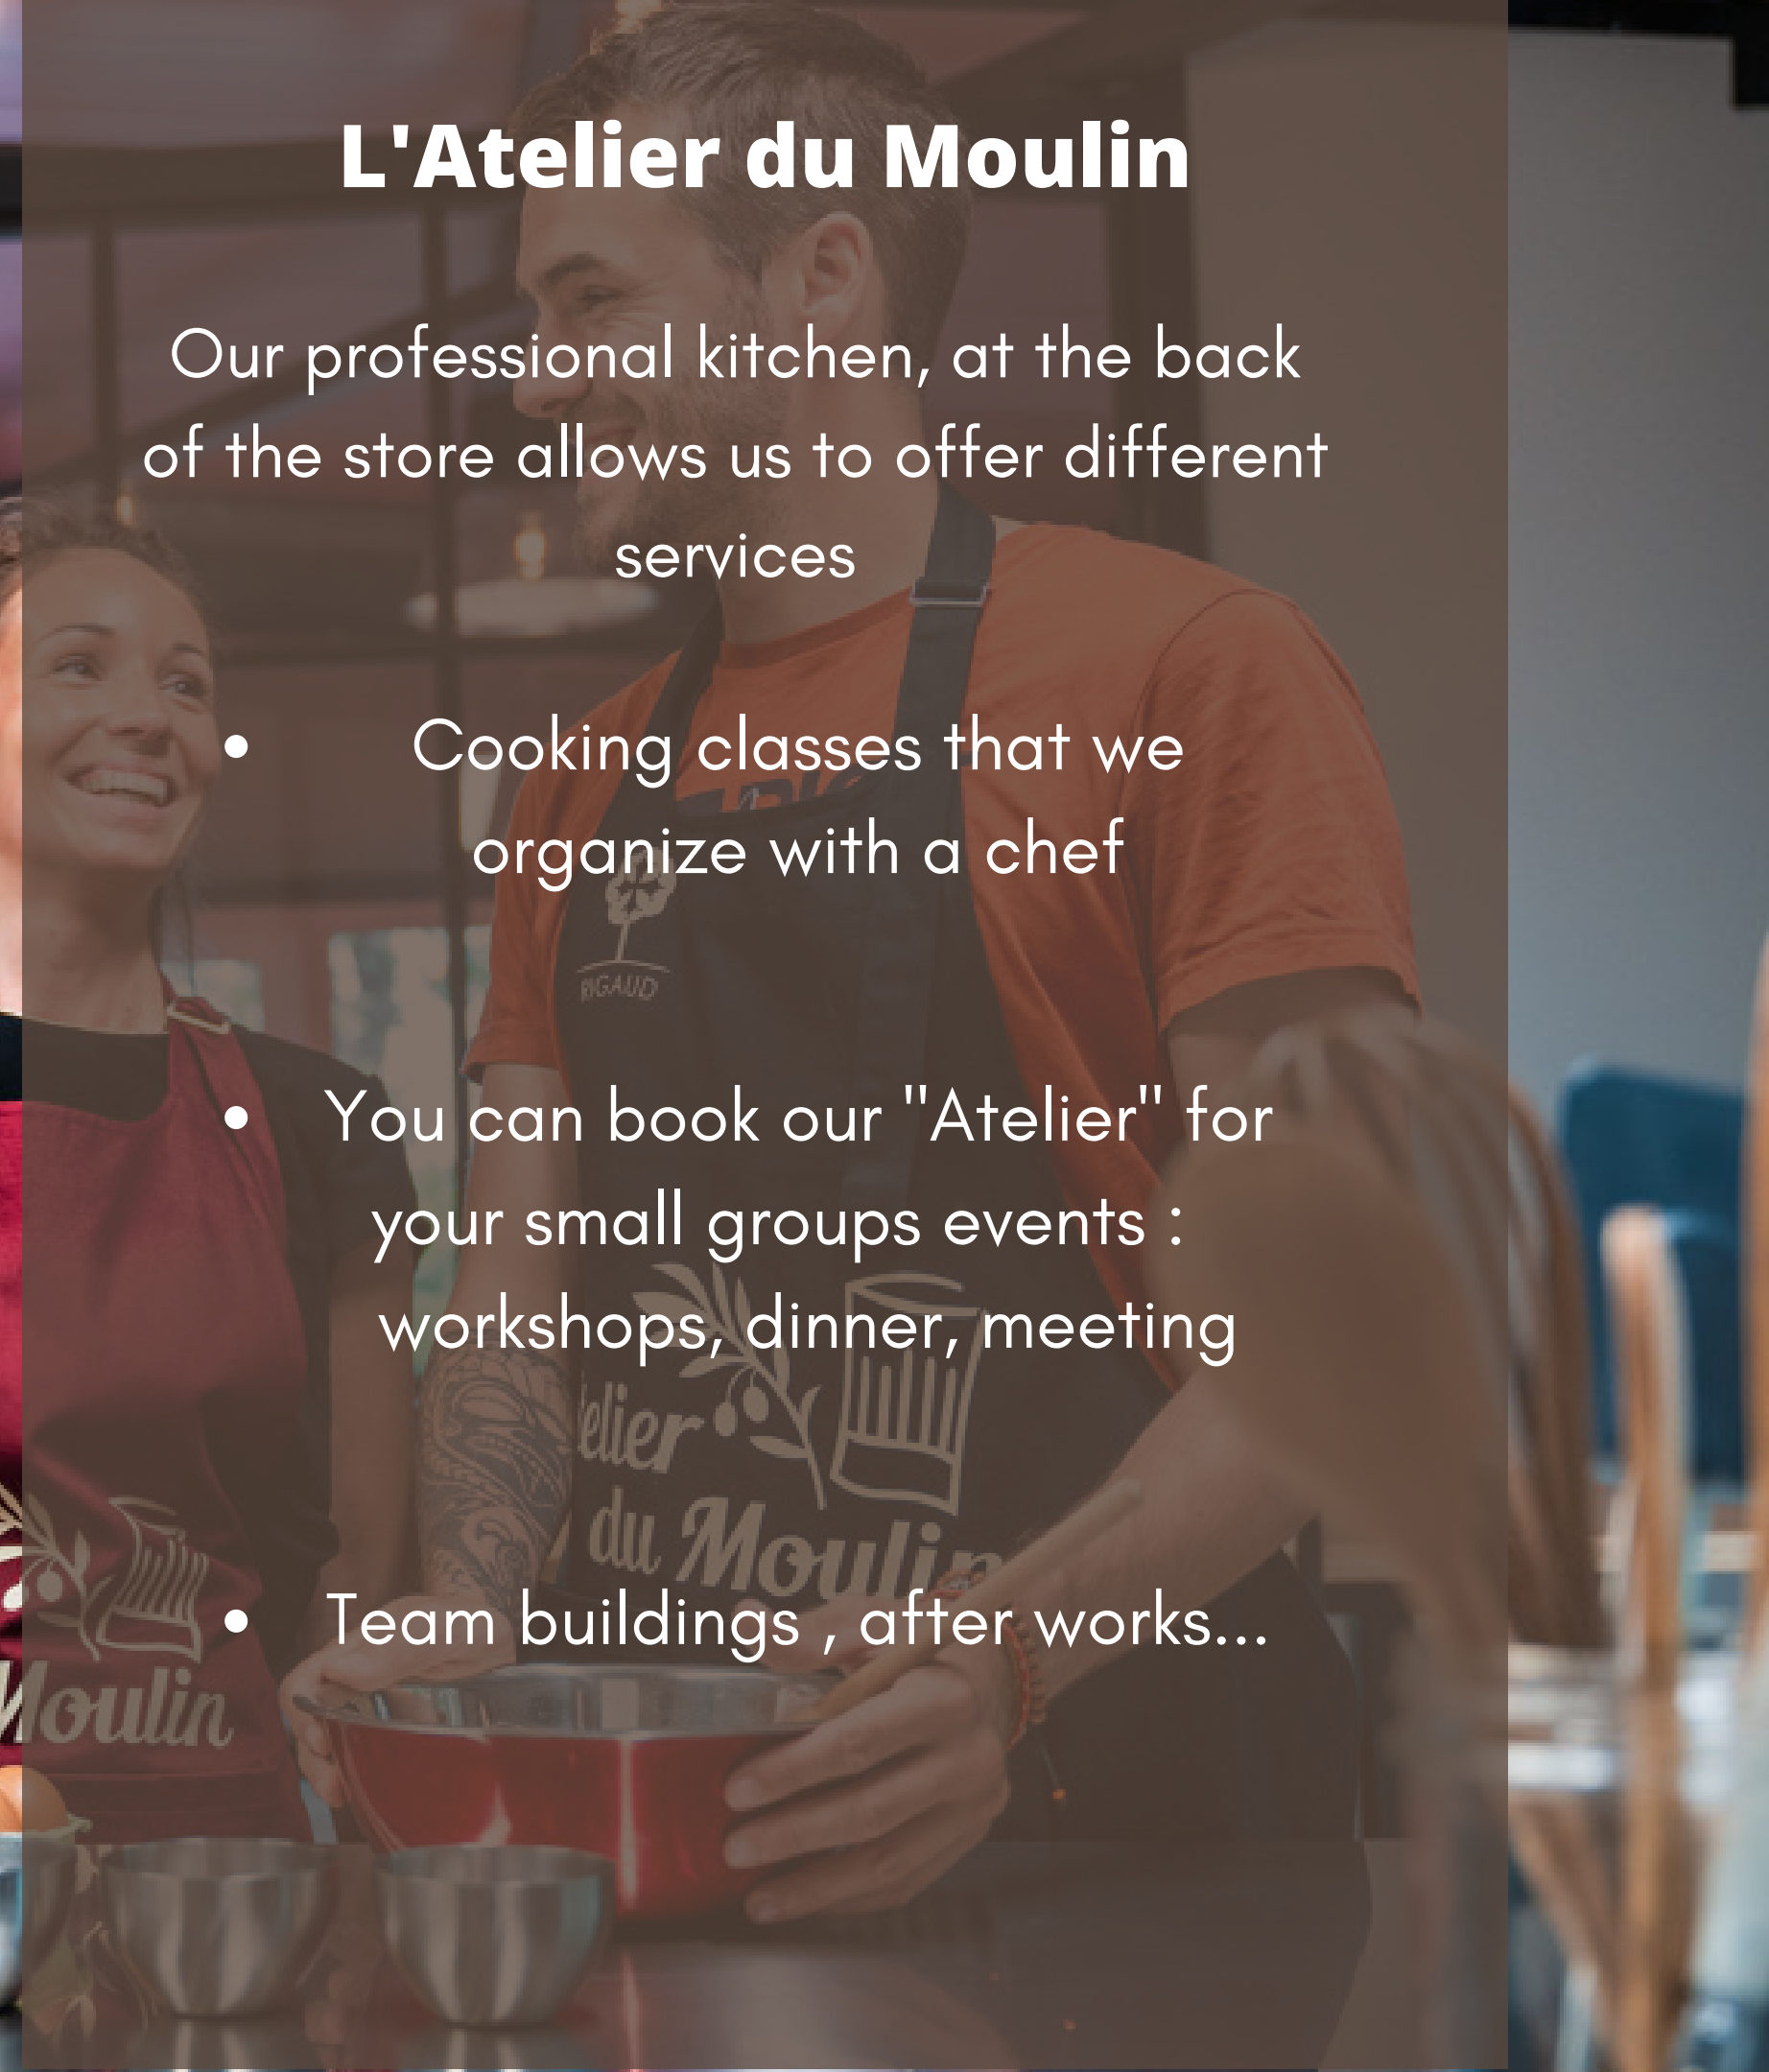

## L'Atelier du Moulin

Our professional kitchen, at the back of the store allows us to offer different services

- Cooking classes that we organize with a chef
- You can book our "Atelier" for your small groups events : workshops, dinner, meeting
- Team buildings , after works...
